

Teton Pass Winter Recreation

Practice respect and responsibility!

Parking tips

- Be kind to the plow drivers—give them space.
- Park close to the adjacent cars and gear up behind your vehicle.
- Carpool whenever possible.
- Areas open for snowmobiling can be accessed from Phillips Trailhead.
- Snowmobiling is not allowed on top of Teton Pass, Old Pass Road, and within the Jedediah Smith Wilderness.

Dog tips

- Please pick up the poop and put the bag into the trash can. Keep the mountain clean.
- Keep your dog safe. Use a leash along the highway and at trailheads.
- Show respect. Wait for your dog; don't let your dog chase wildlife or other people.

Safety tips

- Do you have avalanche training? Have you practiced?
- Does everyone in the group have avalanche equipment?
- Did you check today's avalanche forecast? (733-2664)
- Do you know the area?
- Consider the consequences. What will happen if it slides?
- Could someone be below? Don't let your actions trigger a slide onto the highway injuring others or closing the Pass.

Are you beeping?

Caution: red flags mean unstable snow!

- ▶ recent avalanches
- ▶ heavy snow or strong winds
- ▶ warming temperatures
- ▶ cracks and whoomping noises

Trail tips

- We are all out here to have fun, so chill out and enjoy the ride.
- Communicate and be friendly.
- Step off the trail and let faster people pass you.
- Post-holing destroys skin tracks. Bring snowshoes.
- Share the powder. Don't poach someone else's great line.
